

CALLING ALL CHILD CARE PROVIDERS!

Science has established a strong link between children's social emotional development, behavior and school success.

Did you know that on-site and telephone Early Childhood Consultant Services are available for child care programs in Montgomery County?

Early Childhood Mental Health Consultants can work with you to help:

- ❖ The children in your program get along together
- ❖ Manage children's difficult behaviors effectively
- ❖ Enhance staff communication skills
- ❖ Talk with parents about children's needs and behavior
- ❖ Identify and plan for children with special needs
- ❖ Provide referrals to community resources if needed

Call ChildLink at 240-777-GROW (4769) for more information or to request help from an Early Childhood Consultant.

*ChildLink is a part of the County's **help me grow** public engagement efforts to ensure that all young children get the services and supports they need to succeed once they enter Kindergarten.*
